

PVC Welding Machine

Newly Developed for Hi-Quality and Lower Noise

Welds PVC, PE, PEM, and all kinds of Plastic (Acrylic)

J TECH HP-080:

- Features a Techno-Dagaski Air motor pump (instead of motor)
- Parts are made in Japan and assembled in Korea Dagaski, famous in both Europe and America.
- Used special controller which is composed of elaborate integrated circuit to prevent on cutting Nichrome wire.
- Also supplied to SAMSUNG Electronics and other big companies.

HP-80

Specifications

Model No.	HP-80
Noise Level	36 dBA (1m)
Rated Voltage	AC 220 V, 60 Hz
Rated Current	3.7 A
Power Consumption	800 W
Air Wind Amount	80 lit/min.
Temperature	0 – 400 C
Dimension (L x W x H)	300 x 240 x 240mm
Weight	11 kg
