

# VASTECH™

## EASYFLOW INSERT FLOOR GRATES

VASTECH™ EASYFLOW Floor Grates add a simple and elegant touch in common bathrooms and wet areas. By fitting matching tile or marble into the recess tray, it allows the floor grate to effortlessly camouflage with its surrounding flooring while water disappears through the gaps. Our distinctions also lie in several specially-engineered features designed with end-users in mind.

## Features

### EASY TO INSTALL

Full range of models and accessories to suit different site installation requirements.

### EASY TO MAINTAIN

Lift and rinse Dome Filter under running water to remove any dirt or debris build-up.

### DURABLE QUALITY

Engineered using quality ABS and Stainless Steel to ensure strong durability.

### MINIMAL STYLE

The style that is invisible. Blend in with surrounding tiles effortlessly as water disappears through the gaps.

VASTECH™  
EASYFLOW

## Overview

**Removable Recess Tray**  
Matching tile or marble is cut to size and fit inside tray during installation. Recess Tray can be removed at any time for access.

**Anti-Mosquito Device**  
To prevent mosquitoes, insects and odour issues as it keeps the outlet closed.

**Dome Filter**  
Designed in dome shape to facilitate smooth dispersal of water. To clean Dome Filter, rinse under running water to remove any dirt or debris build-up.

**Adaptor**  
Centre/Offset Adaptors in different sizes are available to suit any pipe outlet requirements.

**Base Frame**  
Provides a finishing edge for flooring to flush to. The Recess Tray fits on top of the Base Frame.

**Lifter Key**  
To lift up the Recess Tray easily.
